ABOUT US

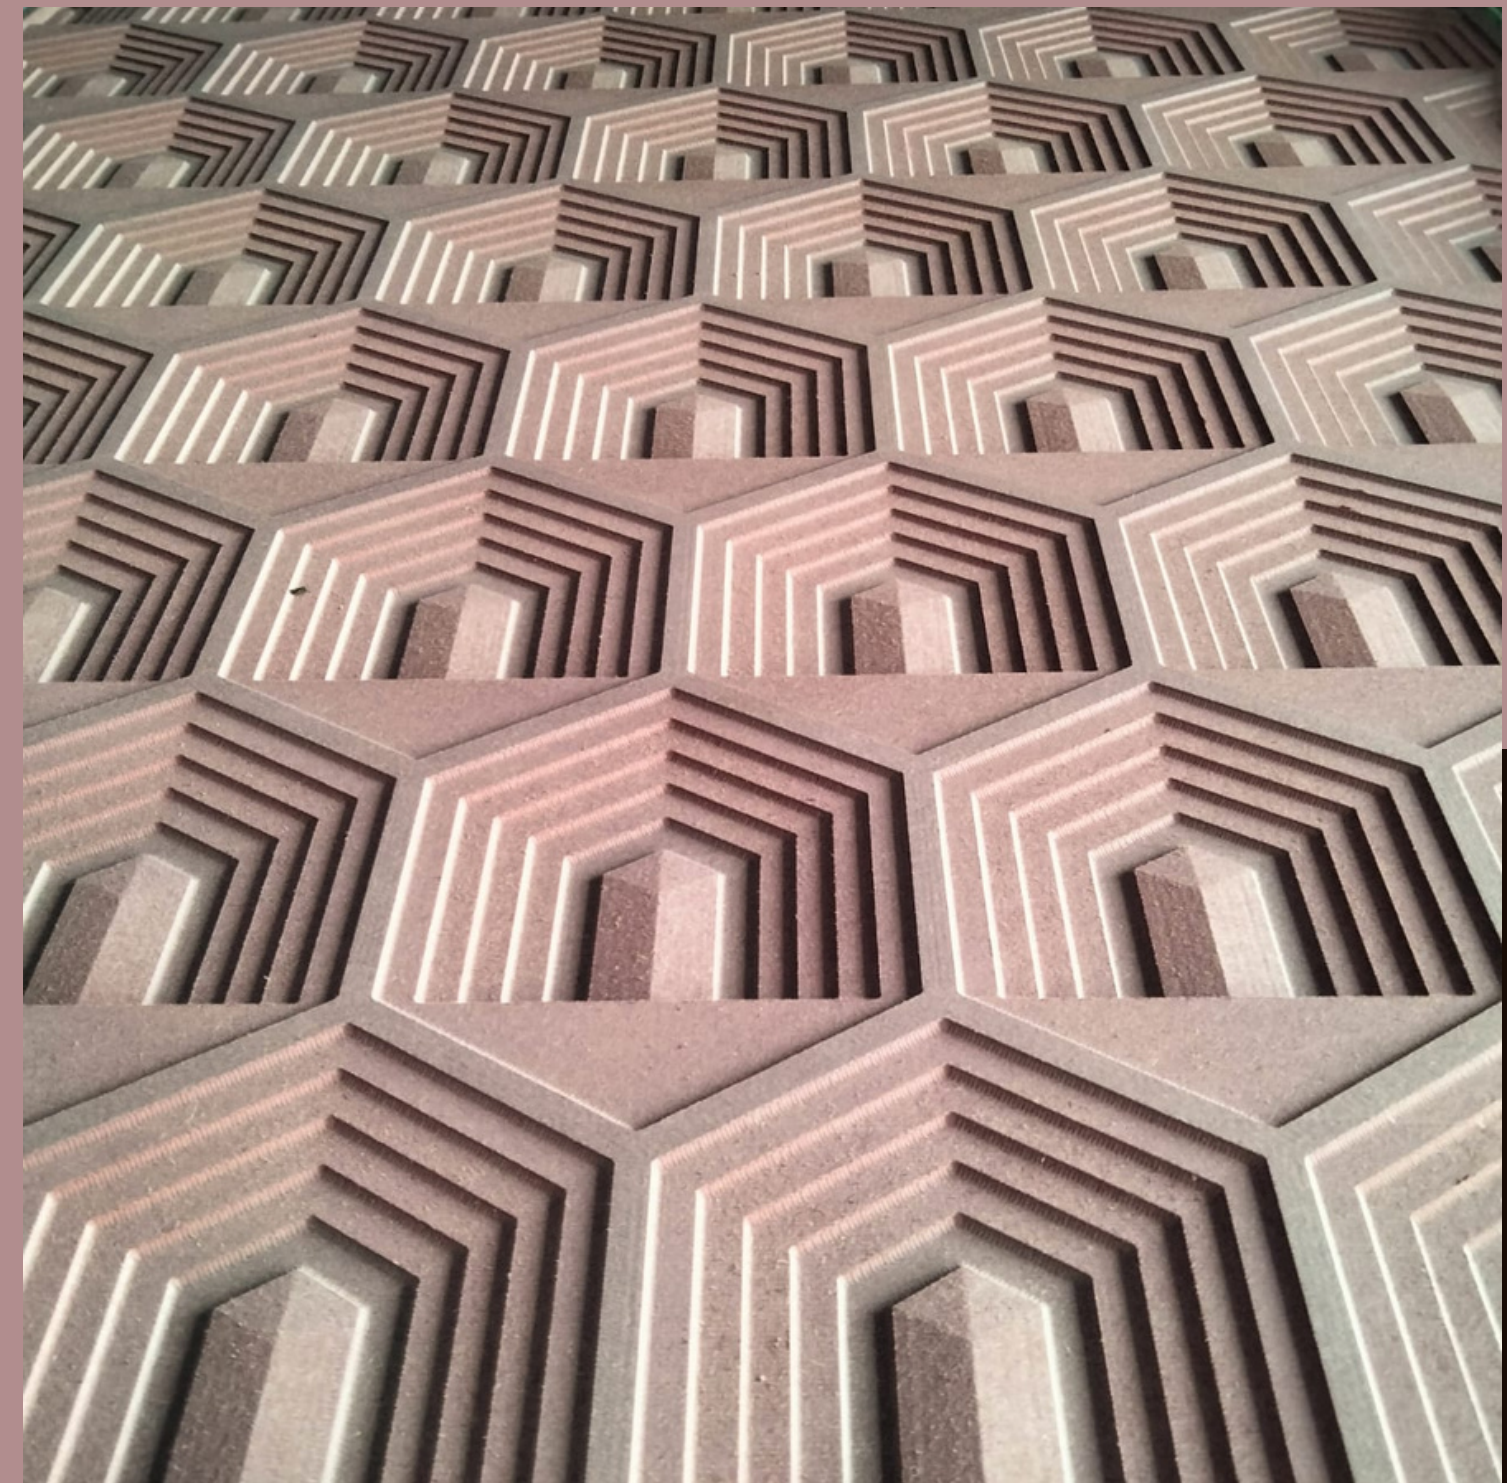

About Our Company

Welcome to Raj CNC Cutting, where creativity meets precision in CNC wood cutting. Established by Hatim Suwasrawala, our workshop is dedicated to crafting exquisite designer wood panels, captivating 2D and 3D wall arts, custom-made doors, and unique designer wood panels for furniture. At Raj CNC Cutting, we blend traditional craftsmanship with modern technology to bring your visions to life. With state-of-the-art CNC machinery and a team of skilled artisans, we transform raw wood into intricate masterpieces that adorn homes, offices, and commercial spaces with timeless elegance.

Whether you're seeking a statement piece for your wall, a bespoke door to enhance your interior, or custom wood panels to elevate your furniture, we are here to exceed your expectations. Each project is approached with meticulous attention to detail, ensuring unparalleled quality and craftsmanship in every creation.

Our commitment to customer satisfaction drives us to continually innovate and push the boundaries of woodwork artistry. We take pride in delivering exceptional products that not only inspire awe but also stand the test of time.

Experience the fusion of creativity and precision at Raj CNC Cutting. Let us bring your imagination to reality, one exquisite woodwork at a time.

OUR VISION

At Raj CNC Cutting, our vision is to redefine the boundaries of woodworking craftsmanship through innovation, creativity, and precision. We aspire to be the leading destination for discerning individuals seeking exquisite woodwork artistry that transcends time and inspires admiration. By seamlessly blending traditional techniques with cutting-edge CNC technology, we aim to continuously elevate the standards of excellence in the industry. Our vision is to create not just products, but timeless masterpieces that enrich lives, evoke emotions, and leave a lasting legacy of beauty and craftsmanship for generations to come.

OUR MISSION

Mission 01

At Raj CNC Cutting, our mission is to meticulously craft exceptional woodwork creations that elevate spaces and inspire imagination. We are dedicated to harnessing the power of advanced CNC technology and traditional craftsmanship techniques to deliver unparalleled quality and precision in every project. Our mission is to collaborate closely with our clients, understanding their unique vision and bringing it to life with creativity and expertise. We are committed to fostering a culture of innovation, continuous improvement, and environmental responsibility throughout our workshop. By upholding the highest standards of integrity, craftsmanship, and customer satisfaction, we aim to exceed expectations and leave a lasting legacy of beauty and craftsmanship in every piece we create.

Mission 02

At Raj CNC Cutting, our mission is to blend artistry, innovation, and craftsmanship to create bespoke woodwork solutions that inspire awe and elevate spaces. We are dedicated to pushing the boundaries of creativity and technology, utilizing state-of-the-art CNC machinery and skilled artisans to produce intricately detailed wood panels, captivating wall arts, and exquisite furniture pieces. Our mission is to provide personalized attention to each project, ensuring that every client's vision is brought to life with precision and excellence. We are committed to sustainability and ethical practices, sourcing materials responsibly and minimizing waste in our production processes. Through our unwavering dedication to quality, integrity, and customer satisfaction, we strive to make a meaningful impact in the world of woodworking, enriching lives one masterpiece at a time.

OUR PROJECT

Project 01

At Raj CNC cutting , we had the privilege to collaborate with a prestigious Mughlai restaurant that exuded a Persian theme. Our team meticulously crafted a full jali work installation, infusing the space with intricate patterns and cultural richness. Each jali panel was delicately designed and precisely cut to evoke the grandeur of Persian architecture, enhancing the ambiance and transporting diners to a bygone era of opulence and elegance

Project 02

Transforming the atmosphere of a vibrant night club, our workshop lent its expertise to create a mesmerizing fusion of art and functionality. We conceptualized and executed a full jali work installation, weaving dynamic patterns that played with light and shadow to create an immersive experience for patrons. Additionally, our team crafted captivating wall arts, adding visual intrigue and personality to the club's interior. The result was a space that pulsed with energy and creativity, enticing visitors to revel in the ambiance and dance the night away.

Project 03

One of our most iconic projects, the 8 horses wall art stands as a testament to our workshop's ability to turn imagination into reality. Measuring an impressive 8 feet by 4 feet, this larger-than-life masterpiece commands attention with its sheer size and captivating imagery. Each horse was meticulously carved and expertly detailed, capturing the grace and power of these majestic animals in stunning realism. Installed in a prominent location, this wall art has become a focal point, captivating viewers and sparking conversation with its undeniable presence and artistic allure.

DESIGN CHOICES FOR YOU!

Design 01

Face Skeleton Type of Cutting of a Lion (2D): Abstract Geometric Lion: Utilize clean lines and geometric shapes to create a stylized interpretation of the lion's face skeleton. Focus on angular cuts and sharp edges to convey strength and intensity. Tribal Lion Silhouette: Incorporate intricate patterns inspired by tribal art to outline the lion's features, enhancing its mystique and cultural significance.

Design 03

Round Disc of Wood 3D Engraved with Ancient Indian Type Design: Mandala Medallion: Engrave a mesmerizing mandala design onto the surface of the round disc, drawing inspiration from ancient Indian motifs. Opt for intricate patterns and symmetrical arrangements to evoke harmony and spiritual depth.

Design 02

Wooden Mandir Entrance 3D Engraved: Intricate Temple Archway: Create a grand entrance for the wooden mandir by engraving elaborate architectural details reminiscent of traditional Indian temple archways. Incorporate ornate carvings, floral motifs, and symbolic elements to evoke a sense of sacredness and reverence.

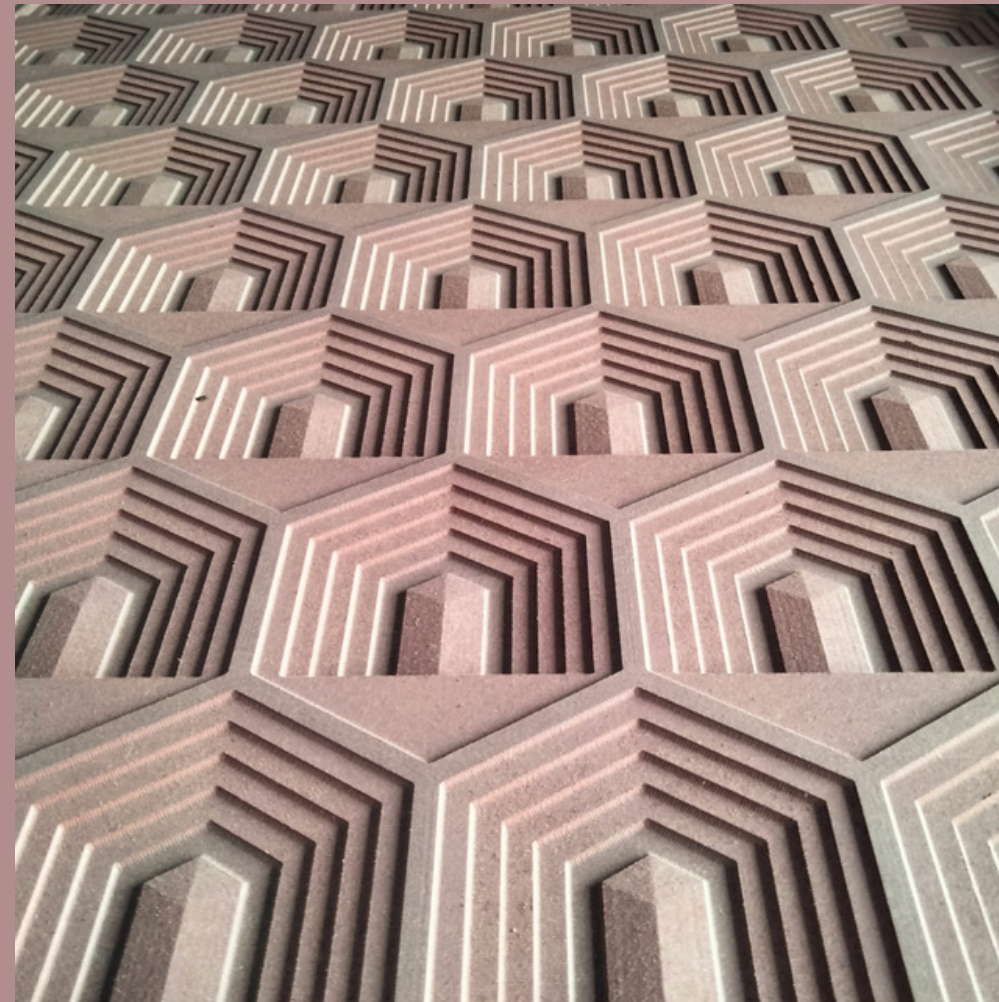

Design 04

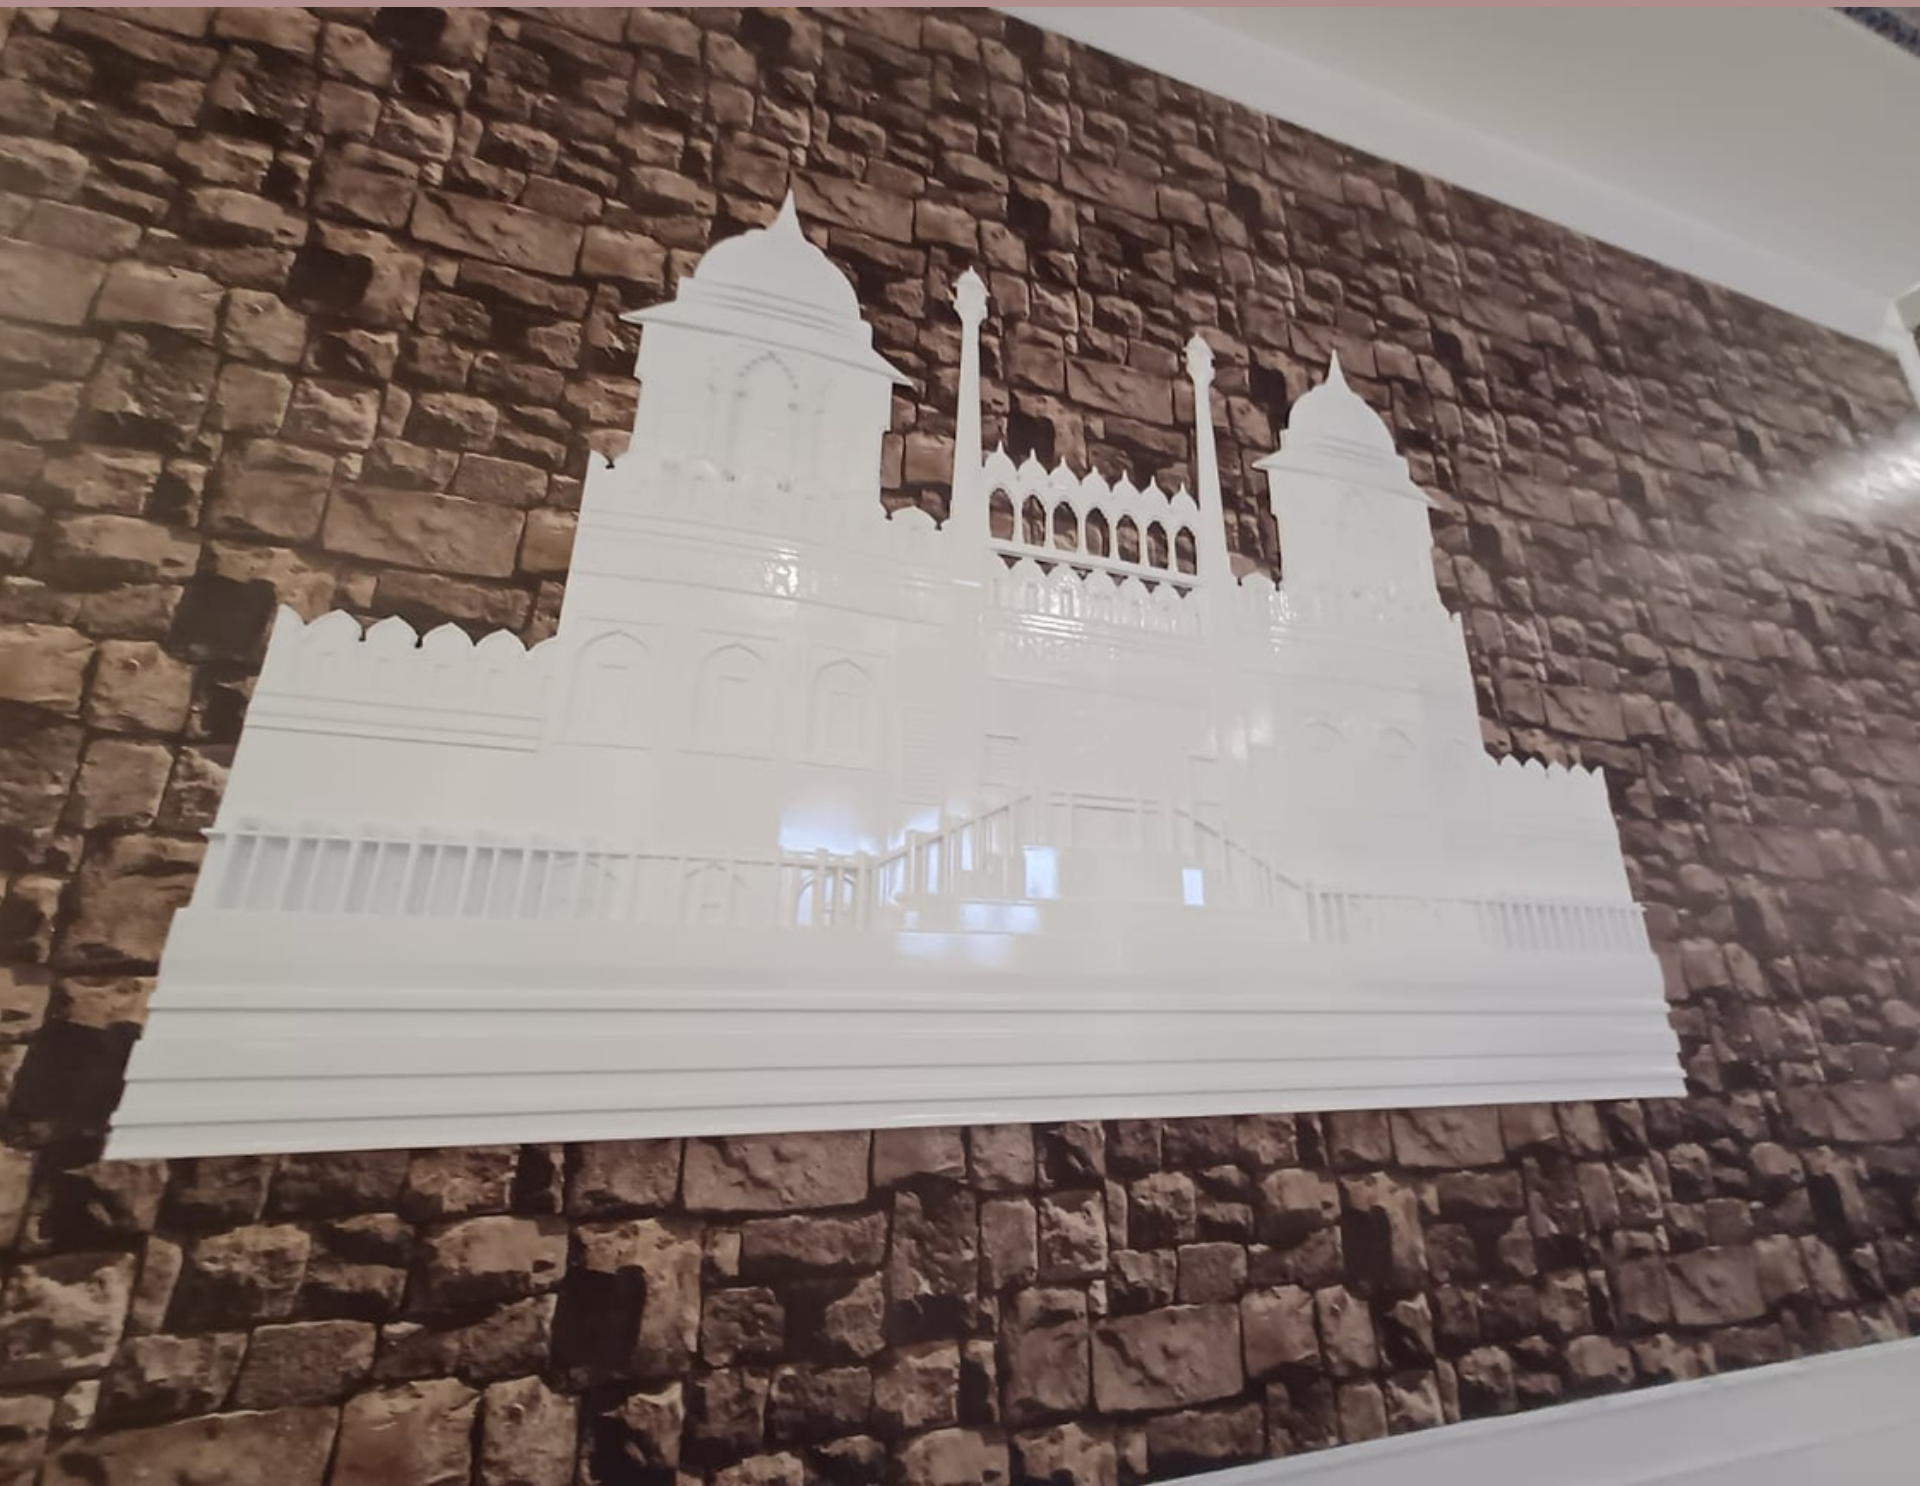

Customise any as per your need!!!
